### Republican Senatorial Causes on the Territories.

### AS TO AMERICAN SHIPPING.

Additional Samoan Correspondence Sent by President Cleveland to Congress—Other Items.

WASHINGTON, January 30.—A slimly attended caucus of Republican Senators was held this morning to discuss the course to be followed in the treatment of the application of the Territories for admission. In the limited time for discussion it was made clearly apparent that there had been little or no change in the position taken by the Republican Senators on the subject at the last session. The disposition is shown to report the House omnibus bill to the Senate with amendments including New Mexico, and letting in North and South Dakota, Montana and Washington. No formal action was taken.

### NOMINATIONS.

Postmasters—Isadore N. Lowenthal, Modesto, California; Horace E. Harvey, Alameda, California; Herman Goldner, Jackson, California; Louis Jacobson, Redwood City, California; William E. Stearns, Elmore, California; John J. Renaker, Mono, California; Henry K. Witzel, Ocean Side, California; William R. Hiddleston, Vancouver, Washington Territory.

### AMERICAN SHIPPING.

The Shipping and Industrial League began its session to-day. General Patterson, of Louisiana, made the opening address, which was a strong argument in favor of government aid to American shipping by a subsidy discrimination in its favor. He regarded the establishment of American shipping as one of utmost importance to national prosperity.

### ADDITIONAL CORRESPONDENCE.

The President to-day sent to Congress additional correspondence relative to Samoan affairs, accompanied by the following message:

To Congress.—I had the honor, on the 15th inst., to communicate to your honorable body certain correspondence and documents in relation to affairs in the Samoan Islands, and having since received further dispatches from the vice-consul at Apia and the commander of the United States naval vessel Nisipie, in those islands, I lose no time in laying them before you. I also transmit herewith the full text of the instructions from Prince Von Bismarck to the German minister at Apia, which were communicated to the Senate on the 28th. This appears to be an amplification of the prior telegraphic instructions on the same subject, I communicated through the same channel, and which were being set forth in a note of the Secretary of State to Count von Arnim, German minister, of the 12th instant, which was duly laid before Congress with my last message in relation to Samoan affairs. It is also proper to inform you that on Monday, the 28th instant, the occasion of the communication of the note of the Prince-Chancellor, the Secretary of State was given to understand by the German minister, that the proposition from his government to that of the United States for a conference on Samoan subjects, was on its way by mail, having left Berlin on the 26th instant, so that its arrival here in due course of mail can be looked for in a very short time. In reply to the inquiry from the Secretary of State, whether the proposition referred to was for a renewal of the joint conference between the United States, Germany and Great Britain, which was suspended in July, 1877, or for the consideration of Samoan affairs at Apia, the German minister stated his inability to answer the proposition until the letter which left Berlin on the 26th inst. should be read. I shall hereafter communicate to Congress all the information in relation to the Samoan situation.

### Mrs. Rawson acquitted.

CHICAGO, January 30.—Mrs. McKee Rawson, wife of the millionaire banker, who in open court shot her husband's lawyer, was acquitted on short order to-night, when the case went to the jury, the verdict being that she was temporarily insane at the time the deed was committed. Mrs. Rawson was at once formally discharged and received the congratulations of her many friends. The jurymen came in for their share of thanks. Suddenly Mrs. Rawson's eye lit on State Attorney Elliott, who had been especially bitter in his speeches during the trial. "How much did Rawson pay you?" she asked him. The states attorney laughed and said nothing. Mrs. Rawson said it was not the last he would hear of her; she would hold him responsible for the shameful abuse he had heaped upon her. Friends interfered and led her away.

### Cattlemen Combining.

KANSAS CITY, January 30.—A dozen or more cattlemen are in the city, representing most of the large cattle interests in the west. Their scheme is to combine for the purpose of handling their stock themselves, and doing away with the expensive commission system. It is intended to form an organization for the purpose of marketing the cattle, with headquarters at Kansas City, and branches at Omaha, Chicago, St. Louis and New York. Capital stock to the amount of \$150,000 will be issued and an endeavor will be made to get all the leading stock men of the west to join.

### The Maxwell Land Grant.

SANTA FE, N. M., January 30.—The Supreme Court of New Mexico, to-day, gave their decision in the Maxwell land grant case, affirming the title to that property and dismissing the bill of government to set aside the patent. The history of the case, in brief, is as follows: Shortly after the bill of the government was brought into Colorado a

similar bill was filed in the United States courts in New Mexico to be held in abeyance until after the former suit was tried. Judge Brewer dismissed this suit and the supreme court of the United States sustained him. Notwithstanding this, the department of justice ordered the New Mexico suit involving precisely the same evidence and questions of law, to be prosecuted and resulting in its dismissal by the judge of the district court of demurrer, which decision was to-day sustained by the higher court. This is doubtless the closing act by the department of justice, as it is not likely they will wish to appear again before the supreme court of the United States.

### French Facts.

PARIS, January 30.—Floquet, in receiving the bureau of the extreme left said he considered the advisability of resigning, but had abandoned the idea in the face of the intrigues and attacks of his opponents and would ask the chamber for a vote of confidence.

The bill asking for the scrutiny of the opening of the Chamber to-morrow. Two holders of Panama Canal shares applied to the courts for a summons against De Lesseps, demanding a dissolution of the company and appointing a liquidator, with power to make over to the new company the assets of the concern. A decision has been postponed.

### Indianapolis Inquiries.

INDIANAPOLIS, January 30.—General Harrison had a number of prominent visitors to-day, chief of whom was Anthony H. Higgins, Senator-elect from Delaware. Higgins spent over an hour in consultation with the President-elect. He selected the name of General James H. Wilson, of Wilmington, Delaware, for Secretary of War.

Louis Althamar, of Pine Bluff, Ark., a wealthy planter, came to endorse and urge the recognition of General Powell Clayton for a place in the Cabinet. An incident marred his visit, for his next door neighbor and bosom friend, Hon. J. M. Clayton, was assassinated last night at Plummerville, Ark., news which reached him early this morning. General Powell was profoundly affected.

### Shot Through the Heart.

St. Louis, January 30.—Charles M. Balch and wife, living near Walnut Springs, Texas, were found dead in bed, yesterday morning. Both had been shot through the heart and a revolver laid between the bodies. It is supposed Balch shot his wife and killed himself, but no cause is assigned for the act. They had been married but a few months.

### The Populace Angry.

PESTH, January 30.—A portion of the populace are still greatly incensed at the passage of the army bill. A great crowd gathered outside the parliament buildings to-day and endeavored to prevent the deputies from entering the Chamber. Hussars were compelled to charge upon the crowd. Several persons were hurt, including some women and children.

A strong military guard is posted around the parliamentary building, and no one is allowed to pass into the Chamber except upon convincing proof as to identity. The boulevard in the vicinity is patrolled by hussars. Members of the opposition in the lower house protested against the presence of troops, as proven in free debate, and demanded that the Chamber adjourn, which was acceded to.

Upon the resumption of the sitting, Honser offered a resolution, which was adopted, empowering him to act with power to secure business and public tranquility.

### Judge Lynch.

NEW IBERIA, La., January 30.—Shortly after midnight regulators rode into town and hanged Jim Rosemond, colored, on a bridge. Cause unknown.

### Suspended.

WILLIAMSPORT, Pa., January 30.—The lumber firm of O. B. Surt & Co. has suspended with liabilities of \$100,000 or more, assets about \$40,000.

### Two Men Drowned.

NEW YORK, January 30.—Last night, a ferry-boat ran down the German steamer, Hanser, with a crowd of five men in it, and two were drowned.

### The Fire Flend.

PUEBLO, Col., January 30.—Slitt D. Middlekamp's "Crown" flour mill was burned to-night. Loss, \$80,000; insurance, \$15,000.

### Prohibition to be Voted On.

HAMSBURG, Pa., January 30.—A resolution applying for the submission to the people of a prohibitory amendment has passed the Legislature and gone to the Governor.

### The Railroad Presidents.

CHICAGO, January 30.—The presidents of western railroads completed their labors this morning, and adopted the agreement made in New York, with amendments made here, practically as reported from day to day in these dispatches. The presidents declared unanimously in favor of having A. F. Walker, at present one of the members, appointed as the Inter-State Commission chairman, proposed by the executive board. The agreement, of course, will not go into effect until the signatures of all lines not represented—the Burlington & Northern, Illinois Central and Fort Scott & Gulf—are obtained. A committee was appointed to labor with these lines, and they expect to secure their signatures soon.

### New Chamber Dedicated.

CINCINNATI, January 30.—New Chamber of Commerce was formally dedicated to-day. The ceremonies were of the usual character on such occasions.

## DEATH OF JAMES B. GLASS.

### A Good Citizen Dies Away From Home.

Yesterday morning a dispatch came over the wires from Los Angeles stating that James B. Glass of this city died at that place shortly after midnight. The death occurred at the home of W. H. Perry, an old friend whom the deceased was visiting, but further than this no particulars could be obtained up to a late hour last night.

Mr. Glass left Salt Lake on a visit to California on the 5th inst. and after spending a couple of weeks in San Francisco, he went to Los Angeles. In the last letter he wrote to his wife he intimated that he was unwell, but she did not suspect that there was anything serious the matter with him, until Tuesday when she received a dispatch from him stating that he was sick and asking her to go to him. Mrs. Glass took the first train for the west, but it was too late and yesterday a dispatch was sent from here to her so full of grief with the sad news of her husband's death.

James B. Glass was born at Pittsburg, Pennsylvania, in 1847, and was therefore only 42 years of age at the time of his death. He came to this city about ten years ago as manager of the local branch of the Studebaker Brothers Manufacturing Company, and has held that position ever since. In business circles Mr. Glass has made scores of friends and his popularity is only equalled by his goodness. He was a thoroughly good citizen and one whom poor and rich alike will mourn in his social world he was also a favorite, his kind disposition and gentlemanly address having made him a man worth knowing, one whose society was sought for by all. In the great sorrow which has come to them Mrs. Glass and her family will have the deepest sympathy of all.

Mr. Glass was formerly a resident of Los Angeles and it is possible that he will be buried there by the side of his father and sister, but this has not yet been decided upon.

### PERSONAL.

C. NISLEY is down from the north. H. GOFF was in from West Jordan yesterday.

### Stitches in the Back Cured.

Peter C. Vandewater, commissioner of highways, Woodbury, Long Island, N. Y., writes: During the last three years I have been troubled with stitches in the back. They came on without the slightest warning and laid me up for two or three weeks at a time, and nothing did me any good. Over a year ago I had a more severe attack. I could hardly move. My wife then applied an ALCOCK'S POROUS PLASTER on the small of the back where the kink appeared to be. I never had used one before. In a short time all pain had vanished, and the next morning I got up and attended to my business. I put a fresh plaster on every week for a month and I feel that I have been entirely cured, as I have not had an attack in the last eighteen months.

### The Death Roll.

VIENNA, January 30.—Archduke Rudolph, Austrian Crown Prince and heir apparent to the throne, died suddenly to-day. The prince died at Mierling, near Baden. His death is supposed to have been caused by apoplexy.

The official announcement that apoplexy was the cause of the death, has modified the popular feeling which had been aroused from a rumor that the Prince had been killed while out shooting, as he was out to shoot, accompanied by several guests. On the announcement of his death, the Reichstag adjourned amid great excitement. Theatres and all places of amusement were closed this evening.

LONDON, January 30.—The Daily News says: "It is stated that official private telegrams from Vienna affirm that the death of the Crown Prince was due to a wound inflicted with a rifle."

### A Cowardly Murder.

PLUMMERVILLE, Ark., January 30.—The assassination of John M. Clayton occurred at 9 o'clock last night, at a boarding house. After walking the floor nervously, Clayton stopped at a window and some unknown person fired a load of buckshot into his neck, breaking it and killing him.

LITTLE ROCK, January 30.—A bill was presented in the Senate authorizing the Governor to offer \$5,000 reward for the arrest of the murderer of John M. Clayton.

FORT SMITH, Ark., January 30.—A number of citizens met and denounced the assassination of Clayton. They offered a reward for the punishment of the assassin.

## SAMOAN SENSATION.

### A Proposition for Another Conference.

### THE GERMAN FABRICATIONS.

The Way They Usually Straighten Out Outrages—Bismarck's Letter—Only to Punish the Murderers.

WASHINGTON, January 30.—The President sent to Congress, to-day, the correspondence containing the amplified account of recent events in Samoa, an outline of which has already been published. The President says the proposition for another conference between Germany and the United States is on its way to Washington, by mail, from Bismarck, but the German minister is not informed whether it proposes a continuance of the former negotiations or the entire reopening of the subject.

The correspondence accompanying the message of the President's gives an official account of the events in Samoa, and are practically the same as have been already outlined in press dispatches. Regarding the seizure of a small boat flying the American flag, Captain Muller, of the Nisipie, says that on January 1st, he wrote to the captain of the German vessel and received a reply to the effect that there was no flag flying on the boat. "This is not true, as the boat was seen from the consul's office, also by others in other parts of the town plainly flying the American flag. This is the

### USUAL WAY THE GERMANS ADOPT.

for straightening out the outrages they commit." In conclusion, the captain says: "I am of the opinion that our government should have at this point more vessels, especially at this time. I have caused to be posted in the town of Apia a notice that the lives of all American citizens will find protection on board this vessel under my command, and that at the first intimation of an outbreak of hostilities in Apia I shall land my force for the protection of their property."

### BISMARCK'S LETTER.

The last letter is one from Prince Bismarck to Count von Aioo Valiri, of which the following is a translation:

### MINISTRY OF FOREIGN AFFAIRS.

Berlin, January 13, 1889.

I have already notified your excellency that according to telegraphic communications from Apia on the 18th of December, a detachment of German naval forces, which had landed at the requisition of the imperial consul for the protection of German settlements which were endangered by the conflict between the native party there and the armed Samoan forces, belonging to a party of Chief Mataafa. This unauthorized attack is said to have taken place under the leadership of an American named Kiola. On this occasion more than fifty German soldiers and officers were killed and wounded. In consequence of this we have been transplanted from the territory of remedial negotiation by which the imperial consul in Apia is trying to reconcile the contending parties, and for which he had sought the co-operation of his English and American colleagues, into a state of war with the assassins, to our regret.

We shall carry on the contest which has been forced upon us by Mataafa and his followers with the utmost consideration for the English and American interests. Our military measures have in view only the punishment of the murderers of the German soldiers and the protection of our countrymen and their property. As they, on their part, are at war with Samoa, our interference will necessarily assume the character of assistance to Tamsiese.

In the endeavor for the just punishment of the murderous crime, we hope for a cooperation of the two powers in Samoa, in friendship with us and with the government of the United States to be good enough to furnish his consul and commanders of his ship of war in Samoa, with suitable assistance. Our armed forces there are instructed to avoid and to prevent all injury to natural commerce and property, and to adopt measures of reprisal and destruction only against the followers of the party which indicated the contest on our own troops by their murderous attack. We shall, of course, abide by the agreements with America and England with respect to Samoa, as they regard, under all circumstances, the rights of those powers as established by treaty. I beg your excellency to bring the contents of this letter to the knowledge of your excellency and to leave a copy of it with him if he requests it.

(Signed), BISMARCK.

### The Wise Men From the North.

BOISE CITY, Idaho, January 30.—[Special to THE HERALD.]—In the Council, the joint memorial praying for the admission of Idaho as a State, was referred. The Governor returned the Territorial University bill unapproved. The irrigation bill was received from the House. The morning session was consumed in discussing the omnibus division bill. Afternoon business was trifling. There is to be an evening session.

### Scoring Bismarck.

LONDON, January 30.—The Contemporary Review has a long anonymous article on the Bismarck dynasty, in which a disagreeable attack is made on the methods of the Chancellor, and Count Herbert is given a severe scolding. His youthful brawls and intrigues with women are gone over and commented on. The article appeals to dismiss, as uncalculated, the accusation that Prince Bismarck wished for the death of Emperor Frederick, but lays stress on the fact that his ascendancy might be replaced by Empress Frederick as a nightmare to the Chancellor. He furthermore knew Frederick refused to discuss State matters with Count Herbert, and the writer asks, how Bismarck, a wish that the cancer might make haste? The article severely criticizes the present Emperor, and calls him an apt pupil of a cynical master, who found no difficulty in treating his mother in a manner after Count Herbert's own heart. The

article is attributed to Sir Morrell McKenzie, and it is supposed to have been inspired by Empress Frederick.
